

From Yellamalai Hills of India

INDIA SENDS RAW ASBESTOS TO HELP THE WORLD FIGHT FOR FREEDOM . . .

Beset by ruthless enemies at her borders, and grave domestic problems within, India still ships us Raw Asbestos which is vital to the needs of war and industry.

Picking their way over primitive roads and through rushing streams, surefooted bullocks bring this precious mineral in ox-carts on creaking wheels at a top speed of two miles an hour from the Yellamalai Hills to the nearest railhead.

Then by rail to the docks . . . and on again through dangerous seas to the war production lines of America, where this fine Indian Asbestos serves a hundred uses in our fight for victory.

For more than twenty-five years Asbestos Limited Inc. has been the only company in the United States to maintain ample supplies of raw Asbestos from every known source, to provide the right type of Asbestos for every specific need of American Industry.
