MESSAGE

AS A RESULT OF A MEETING OF THE ENVIRONMENTAL SUB-COMMITTEE OF ASBESTOS INFORMATION ASSOC. OF NORTH AMERICA HELD IN CLEVELAND. DEC. 22.1971. WE WERE SURPRISED AND SHOCKED TO LEARN THAT A REDUCTION OF THE OCCUPATIONAL STANDARD ON ASBESTOS FIBER EXPOSURE FROM 5 FIBERS PER MILLIMETER TO 2 FIBERS PER MILLIMETER WAS RECOMMENDED BY OSHA. THIS WILL PROVE MOST DIFFICULT FOR US TO ACHIEVE. WE URGE YOUR OFFICE TO DELAY THIS DECISION TO ALLOW US PROPER TIME TO EVALUATE COURSES OF ACTION LEFT OPEN TO US.

R. P. FRASER
