Asbestosis Symposium, Boston

In recent years, we have had rather poor experience in the compensation courts of the Boston area. Our medical advisors are not aware of all industrial problems and disease particularly asbestosis. For this reason, we have decided to hold a symposium for their edification. We have obtained prominent speakers in their respective fields and the meeting will be held under the joint sponsorship of the Massachusetts Medical Society and Dr. A.J. Lanza at the New York University-Bellevue Medical Center. Actually, this is a Johns-Manville meeting and I am getting as many J-M doctors and attorneys from this area to attend as possible.

It would be a great pleasure to see someone from Asbestos at this meeting if possible. You might note that Dr. Paul Cartier is speaking and I have already informed Ivan Sabourin of the meeting.

Hi Roger
Hope you had a good vacation.
Hope Shuma didn't ruin the meeting
Any leads for Hyg. Foundation in NY?
Hope you're a team in good health
Like we had the season
