Manager,
Manville Factory.

LOUIS BELLOMO
Your letter September 23

Mr. Harmon and I have studied the data which you sent on this case. He will return this directly to Mr. Hite after he is finished with it. Mr. A. M. Schmidt who is out of town will be back tomorrow, and we will at that time ask him to put through the H. & A. Insurance application.

I mentioned this to Mr. Hite who said that he would take care of the case until the H. & A. benefits can be arranged for.

I note from your letter that you do not at this time have recommendations, but will follow up with definite recommendations as soon as the case becomes more clear.
