Talcosis
Your phone call November 15

Dr. L. J. Bristol is unable to supply X-ray films of talcosis.

However, Dr. I. R. Tabershaw, Director of the Division of Industrial Hygiene, New York State Department of Labor had such on file and is pleased to forward them to Dr. D. T. DuBow for your use.

The films should, of course, be returned to Dr. Tabershaw when they have served their purpose.
