Dear Jim -

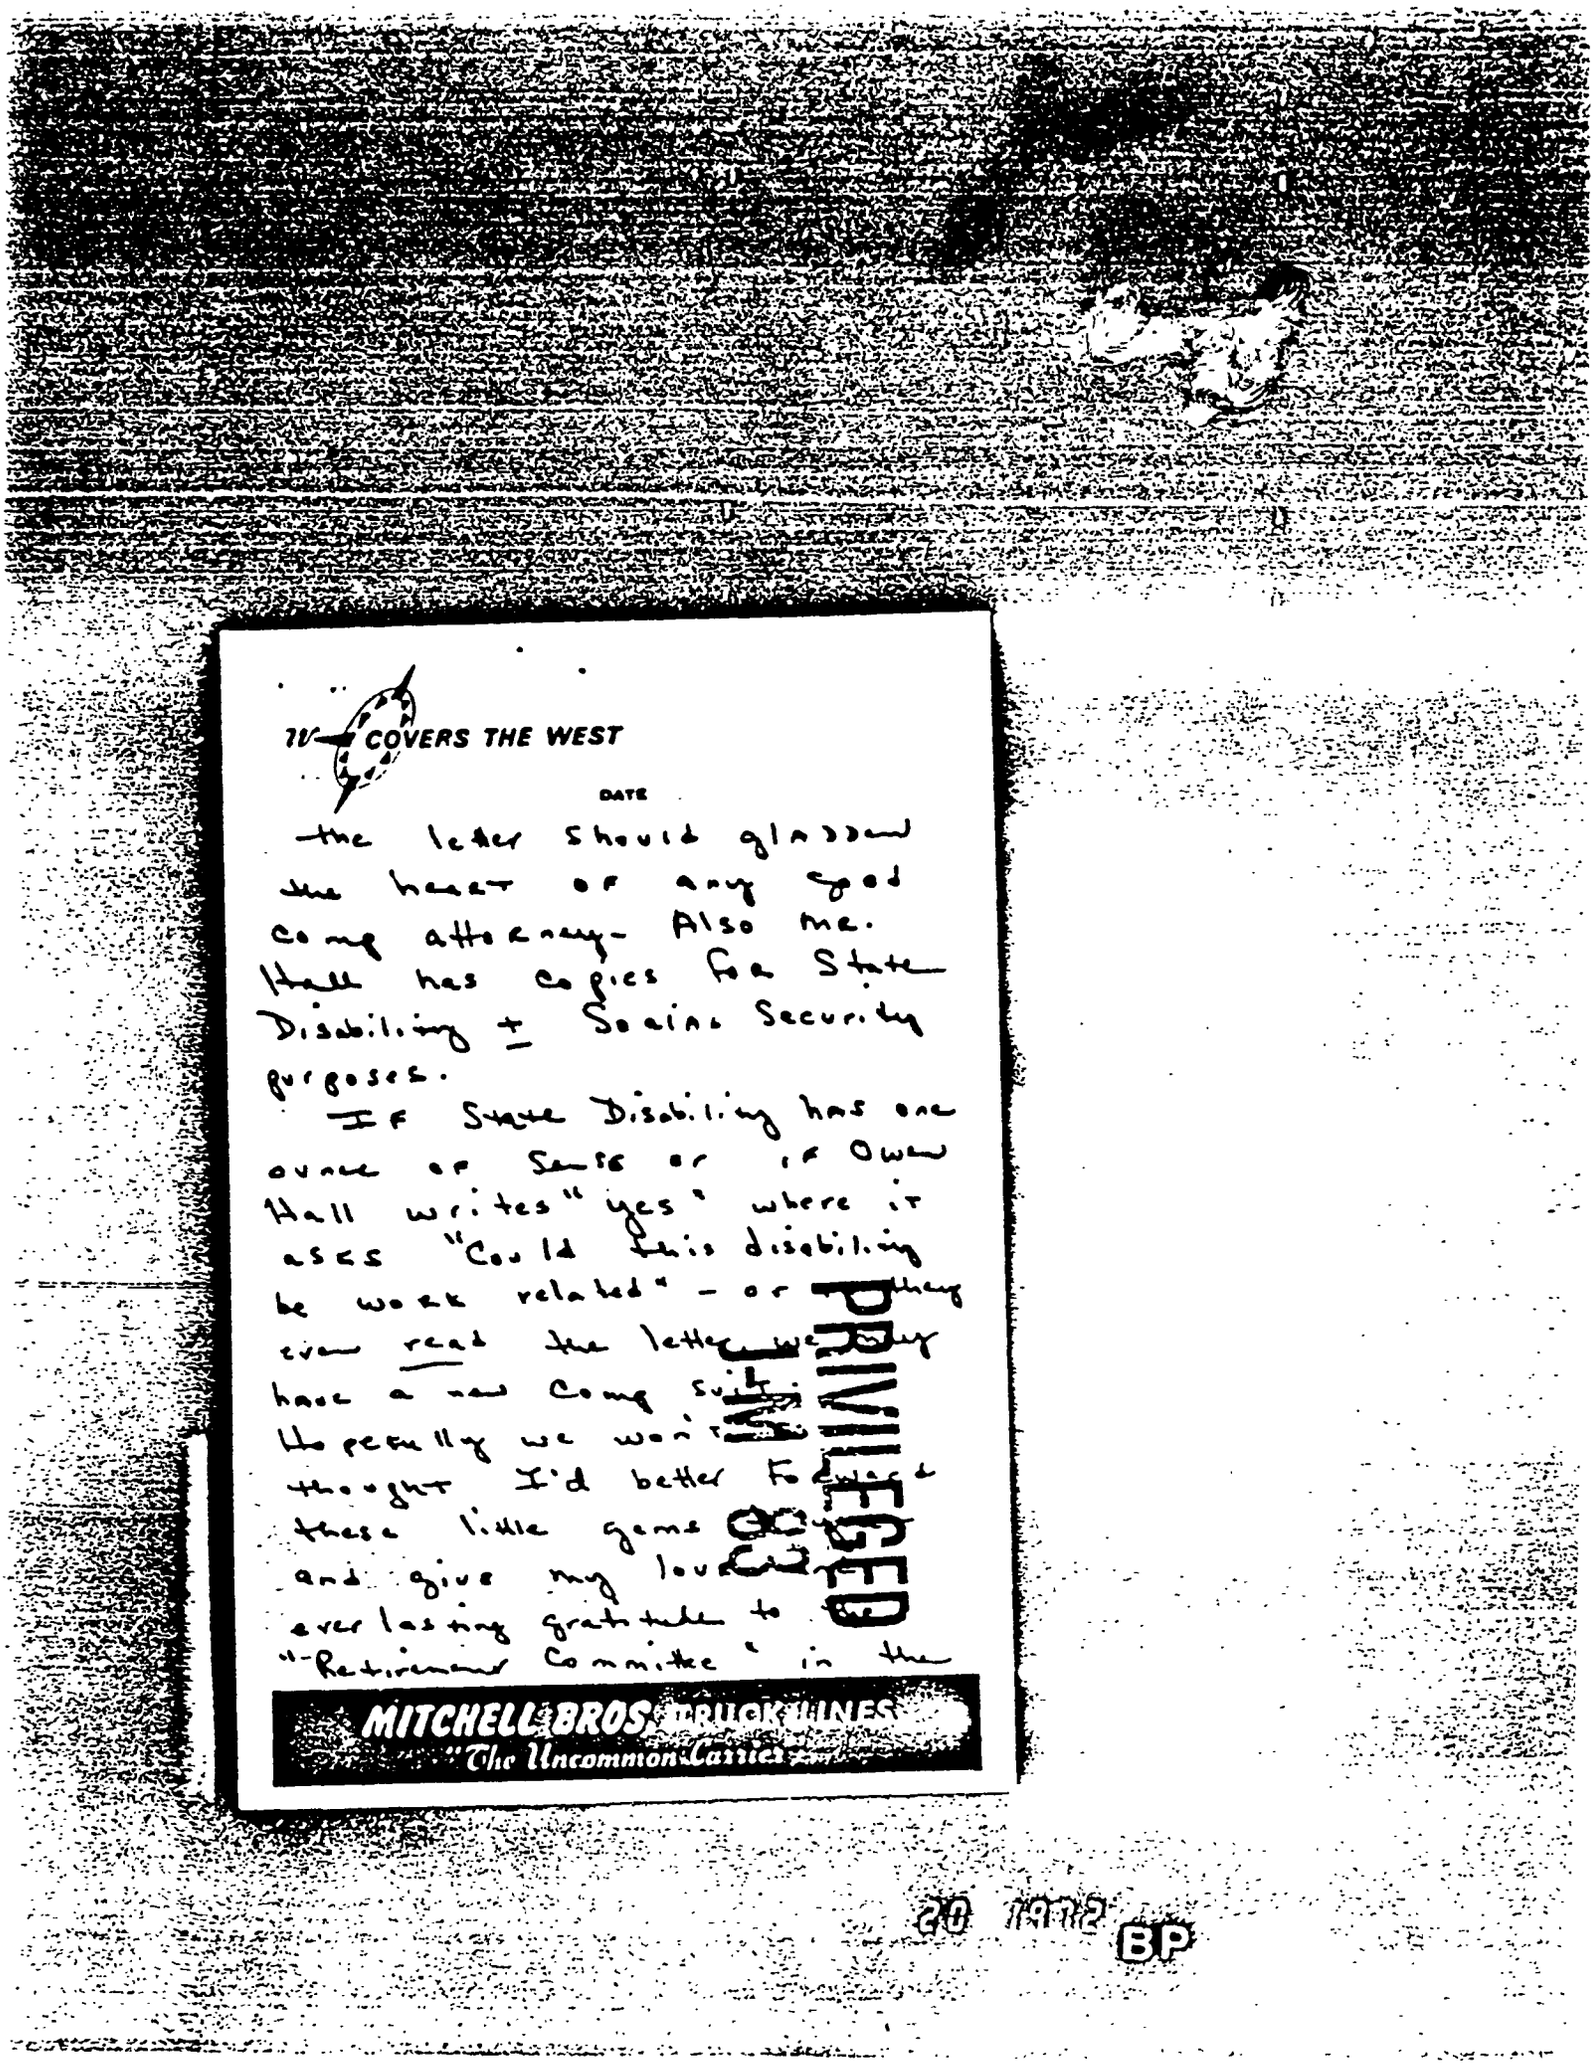

Owen Hall has [illegible] Disability Retirement. (Shipping Clerk). I had our Plant Physician (Dr Vasconcellos - Bill Reitz knows him) compose a careful letter requesting this. Copy enclosed. Ruth Cocklin - wherever that is - said in wire Retirement Committee would not accept this and asked for detailed information before thing would pass on Retirement. This was requested by Mr. Hall and forwarded to us. I enclose Dr. Orimo's letter. I might say this only confirms my opinion it is better to let sleeping dogs lie.

ounce of Sense or if Owen
Hall writes "yes" where it
asks "Could this disabiling
be work related" - or
even read the letter we may
have a new Comp suit
Hopefully we won't
