Dear Mr. Brown -

Referring to your letter of January 25th:

We welcome the cooperation of your company in connection with our efforts to develop and secure the enactment of an adequate Occupational Diseases Act for the State of Illinois. I enclose copy of my letter of this date to Mr. Lloyd D. Heth, notifying him of his appointment as a member of our Committee to represent your company, together with copies of the documents forwarded to Mr. Heth with my letter to him. I am sure you will observe our wishes with regard to keeping these documents confidential and will make no use of same which would in any manner embarrass us in our negotiations with other interested groups.

I had a pleasant telephone conversation this morning with the Manager of your Waukegan Plant and he informed me that your company would be represented by one or more of your physicians at the medical conference which we are having at the Congress Hotel, Chicago, Ill., on Thursday afternoon, January 31st. He also informed me that representatives of your company would be present at evening conference at the Congress Hotel on the same date.

We shall greatly appreciate any suggestions which you may care to submit with regard to the provisions of the proposed bills which have been prepared by the Committee.

Very truly yours,

Chairman, Occupational Diseases Committee
