I am attaching herewith a letter received from Mr. Hite and a statement of claim.

As stated in his letter, Mr. Hite is taking the necessary steps to have the disability claim considered by the insurance company through Mr. A.M.Schmidt. We hope that this can be acted on as quickly as possible, so that the man can be told the information before his payments run out on health and accident.

It is our experience that cases of this type get troublesome only when they see their payments are going to run out.

This is being sent to you for your information.
