Dear Mr. Brown:

I wish to take this opportunity to express my appreciation for the help you gave us in the recent suit against Sears, Roebuck in New Hampshire. It is always a pleasure to know that you could call on other members of the Industry even though they are competitors when technical help is needed. Please feel free at any time to request such assistance from any member of this organization if you have need of the same.

With kindest personal regards, I am

Yours very truly,

AMERICAN ROCK WOOL CORP.
