Mr. Arthur A. Fisk, Jr.
Legal Department
Johns-Manville Corporation
22 East 40th Street
New York 16, New York

Dear Mr. Fisk:

I am just now in receipt of your letter of February 20th. I think the wording that you propose for your bags is quite acceptable and adequate. As a matter of fact, the users of the various types of products that cause pneumoconiosis in their production are rarely exposed to prolonged concentrations that are so essential in producing diseases of the lungs.

Sincerely yours,

A.J. Lanza, M.D.
