ASSISTANT SURGEON

March 22,1933

Johns-Manville Corporation,
New York City, New York

Gentlemen:

We have at the present time in litigation, two claims of alleged silicosis against a firm engaged in the insulating of homes, using your insulating material.

It is our belief that you may be able to be of material assistance to us in supplying us with information concerning your products for use in the defense of these cases. We are therefore writing to inquire if you will allow Mr. Rothfuss, our legal counsel, to call at your office in New York to discuss matters of interest with one of your officials. Mr. Rothfuss will like to call upon you at your office if you will set a convenient time.

Very truly yours

A. D. Lazenby, M.D.
Chief Surgeon
