Re: J-M Medical Library Bibliography

Dear Mr. Markusson:

I acknowledge receipt of your letter dated April 5, 1979. I am sorry I did not answer it earlier, but I was involved in two weeks of depositions down South.

I understand your comments completely and I will make certain no one inspects or does any physical examination of the articles that we have. I am positive that I can keep them under rapt until we get the bibliography after May 1, 1979.

Very truly yours,

Philip G. Peters
