J. Goldfield-GPED, Mvl.

Dust Survey-Zelienople
GPED Project I-ZEL-1480

Confirming my phone call September 27, the subject survey scheduled to start October 7 will not be carried out at this time. Please "close out" the project.

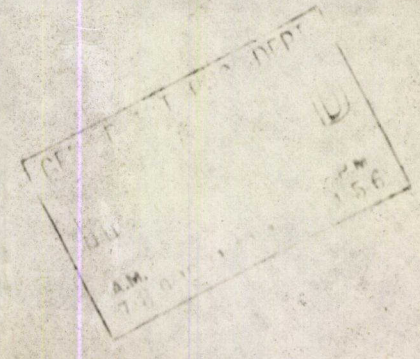

This decision has been dictated by the urgent need to hold down expenses and conserve cash at the present time. The subject project will be reconsidered about April 1, 1958.
