National Advisory Cancer Council
National Cancer Institute
Bethesda, Maryland

Address Box 551 Saranac Lake N.Y.

Date June 5, 1943

Pursuant to Section 4 (c) of the National Cancer Institute Act, application is hereby made for a grant-in-aid in the amount of $10,000 for the purpose of conducting a research project relating to cancer along the following lines in accordance with budget on page 5: _____

(Brief statement of nature of project; full details on page 3)

Relationship of asbestosis to pulmonary carcinoma

(The following is to be filled in only if it is necessary to appoint a financial agent to handle this fund.)

It is requested that funds granted as a result of this application be paid to _____
(Name) (Address)
who has agreed to act as financial agent for the applicant.

It is understood and agreed by the applicant that funds granted as a result of this request are to be expended solely for the purposes set forth herein; that the grant-in-aid may be revoked in whole or in part at any time at the option of the Surgeon General; and that refund will be made to the Treasury of the United States of any amount so revoked: Provided, that a revocation shall not include any amount expended previous to the effective date of the revocation if such expenditures were made solely for the purposes set forth in this application. It is further understood and agreed by the applicant that all reports of original investigation supported by any grant-in-aid made as a result of this request will be submitted to the National Advisory Cancer Council before publication.

The applicant agrees that if any patentable discoveries or inventions are made in the course of the work aided by any grant received as a result of this application, he will, in consideration of such grant, refer to the Surgeon General of the Public Health Service for determination, the question of whether such patentable discoveries or inventions shall be patented and the manner of obtaining and disposing of the proposed patents in order to protect the public interest.
