Apr. 9, 1935

Mr. E. H. Jeffords, Gen. Mgr.,
General Asbestos & Rubber Division,
North Charleston, S. C.

My dear "Jeff":

Some time ago, you asked Mr. Judd for the cooperation of the American Tobacco Co. in working with you on Dust control.

I have had Mr. Dillon in touch with Mr. Stetson and also one of the American Tobacco Co. lawyers, and he tells me it is well under way and they think you will receive all, and more, of the cooperation than you ask for from the American Tobacco Co.

I shall be glad to have you keep me posted.

Very truly yours,

SS-G.
