PHILIPPE ROY

Asbestos, P.Q.
May 5, 1939.

Mr. H. [illegible], V.P.,
Canadian Johns-Manville Co.
Asbestos, Que.

Dear Sir,

It gives me pleasure, in the name of the Town of Asbestos and especially in the name of the Council of which I have the honor to preside, to congratulate you for the happy initiative which you have taken in installing the "dust plan" to catch the dust which in the past spread over our town, by means of powerful vibrators.

This is a sensible and greatly appreciated improvement. Every day I receive expressions of appreciation of it. Our little town, which has changed considerably in the past few years by the number of works effected, has taken a large step this year by the attitude of the authorities of the Canadian Johns-Manville Company.

This fine spirit of collaboration between the municipal and town authorities in the end will render our town more attractive, and making it cleaner is certainly worthy of mention. I am happy to express to you my sincere gratitude, and say - Thank you sincerely, - in the name of my fellow-citizens.

Please believe the sincere consideration and the gratitude of the undersigned,

Yours very truly,

(Sgd.) Philippe Roy,

Mayor

THE JUNIOR CHAMBER OF COMMERCE OF ASBESTOS

Asbestos, Que.

Mr. H. K. Sherry, Manager
Canadian Johns-Manville Co. Ltd.,
Asbestos, Que.

Dear Sir,

In the name of the Junior Chamber of Commerce of Asbestos, and in my name personally, I can only congratulate Canadian Johns-Manville for the happy initiative which they took in installing the machines to collect the dust.

This innovation allows us to make certain improvements which will be very efficient and in several years our town will have nothing to envy in other cities as regards beauty of its situation or for neatness.

Believe me, dear sir, that I have been made very happy to have been chosen by the Junior Chamber of Commerce to thank you for this improvement, which highly demonstrates your desire to co-operate in a large way to the beautification of our town.

Yours very truly,

(Sgd.) Antonio Boisclair,

President

May 2, 1939.
