Re: New Jersey Legislature -
Occupational Disease Bills.

Dear Sirs:

Yours of January 30th is acknowledged with thanks.

I note you will obtain copies of the Ferster and Ward bills, which would add pneumoconiosis to the list of compensable diseases. I wish you would obtain a sufficient number to provide Mr. J. E. Begert, Plant Manager at Manville, with copies.

Very truly yours,

Vandiver Brown,
General Attorney.
