Dr. Leroy U. Gardner,
Saranac Laboratories,
Saranac Lake, N.Y.

Re: Asbestos Dust Experiments.

Dear Dr. Gardner:

It has been some time since I have heard from you concerning the asbestos dust experiments you have been conducting with the support of a group of asbestos textile manufacturers. I assume that, following the completion of the fifth year of these experiments, we may expect to receive your final report thereon, but I would appreciate hearing from you at your convenience as to the current status of the work.

I had hoped to see you at the Annual Meeting of Industrial Hygiene Foundation next week but the pendency of an important lawsuit here in New York will prevent my attendance.

With kindest regards, I am

Sincerely yours,

Vandiver Brown,
Secretary.
