October 1, 1934

Mr. M. F. Judd, General Manager,
Raybestos Division,
Raybestos-Manhattan, Inc.,
Bridgeport, Conn.

Dear Mr. Judd:

I have taken up with Mr. Williams and also with Mr. Bryce Haines the request made by the Code Authority of the Asbestos Industry for the opinions of various members of the Code in regard to occupations unsuitable for minors under eighteen.

Mr. Haines appreciates our unwillingness to definitely label certain occupations as "unsanitary" or "hazardous" and sees no objection to our returning the report amended as shown on the enclosed form so as to eliminate the words "UNSANITARY OR HAZARDOUS" and to substitute instead the word "UNSUITABLE". In this way our answer would go no further than stating that in our opinion a certain occupation was suitable or unsuitable for minors under eighteen, without committing ourselves to specific reasons one way or the other.

I think that your objection to the report in the form submitted was well taken and I appreciate your having brought it to my attention.

Very truly yours,

Vandiver Brown
Attorney
