Mr. S. Simpson, President,
Raybestos-Manhattan, Inc.,
Bridgeport, Conn.

Dear Mr. Simpson:

We are very glad that the clipping sent you a few days ago concerning asbestosis was of interest. This was the only copy we had so Mr. Vandiver Brown has not received a copy from us. You could probably get a copy of the article for Mr. Brown, if you wish, by writing the Journal from which it was taken.

The information you give as to your Saranac investigation is most interesting. Of course we understand that all this information on asbestosis is to be kept confidential and that nothing should be published about asbestosis in "ASBESTOS" at present. When you are finally ready to make public the results of this Laboratory work, you of course, know we shall be more than glad to publish an article or two or more, on the subject, and we hope you will bear us in mind and see that we get such articles at the proper time.

In the meantime we shall be glad to send you anything of an interesting character which comes to us on this subject and if possible will see that Mr. Vandiver Brown also gets it.

Very truly yours,
"ASBESTOS"
A. S. Rossiter
Editor.
