CAUTION LABELS
HIGH TEMPERATURE INSULATIONS

The Industrial Insulations Division Merchandising Department has decided that a precautionary label will be placed on all products containing Asbestos in the High Temperature line. Samples of these labels are attached and it is our plan to do the following:

1. A list of products involved are as follows:

P.S. No.	Waukegan	Pittsburg	Jeffery Mines
II-9025-6	#500 Insulating Cmt.	#500 Insulating Cmt.	
II-9031	(For Export)		
II-9026-6	#450 Insulating Cmt.	#450 Insulating Cmt.	
II-9031	(For Export)		
II-9027-7	#501 Cement	#501 Cement	
II-9031	(For Export)		
II-9027-7	#502 Asbestos Cement	#502 Asbestos Cmt.	
II-9031	(For Export)		
II-9027-7	#0352 Asbestos Cmt.	#0352 Asbestos Cmt.	
II-9027-7	#304 Asbestos Cement		
II-9027-7	#400 Asbestos Cement	#400 Asbestos Cmt.	
II-9028-6	#319 Ref. Cement	#319 Ref. Cement	
II-9028-6	#678 Semi-Ref. Cmt.	#678 Semi-Ref. Cmt.	
II-9064-4	85% Magnesia Cmt.		
II-9066-2	Superex Cement		
II-9074-4	85% Magnesia P/I		
II-9204-5	85% Magnesia Blocks		
II-9204-5	Superex Block Insul.		
II-9030	Asbestoment S	Asbestoment S	
No P.S.	#352 Cement		#352 Cement

If there are anyother High Temperature Insulation products which you feel should carry this label, please advise.

2. The Plant should place one of these labels on the back of each carton or bag at an appropriate point and send a sample of this bag, so labelled, to this office for review with Mr. Pocius.

3. If the location of the label is approved by Mr. Pocius, we will so notify each Plant. After that date, all material on outgoing shipments will be labelled with this new label. A requisition for an appropriate amount should be issued by the Plant at that time. Requisitions for labels should be addressed to W.W. Hanold - Label #L-4102.

4. We will revise all printing layouts to include this new label so that it can be combined with the present printing.

If you have any questions on the above, please advise.
