Subject: MEETING - LABELING REVIEW COMMITTEE

*P. Kotin, M.D. - 4N
M. J. Cowan - 1W
E. M. Fenner - 4N
A. C. F. Finkbiner III - 5W
J. P. Leineweber - R&D
W. B. Reitze - 4N
G. W. Wright, M.D. - 4N

The next meeting of the Labeling Review Committee will be held at 1:00 P.M. on Friday, November 15. The meeting place will be:

Health, Safety & Environment Dept.
Conference Room
4 North
Intersection of Green and Blue Walls.

Items presently on the agenda for discussion are:

(1) Size and location of the present label on asbestos fiber shipping bags.

(2) Discussion of need for labeling asbestos fiber-containing products sold on the international market.

(3) [redacted]

If any of the Committee members have items to be included on the meeting agenda, please notify me by Wednesday, November 13.

For your information, I enclose a Draft for Proposed American National Standard Guide to Precautionary Labeling of Hazardous Chemicals, as prepared by the Labels and Precautionary Information Committee of the Manufacturing Chemists Association.

Attachs.
