TO: Legal Research Committee
(regular members only)

FROM: Guy G. Gabrielson, Jr.

SUBJECTS: (1) State of the Medical Art Witnesses
(2) Use of Data Bank

I enclose for your information two memoranda from Special Counsel, Cadwalader, Wickersham & Taft: one reporting on the trip made by Ms. Carey E. Gross to the West Coast to interview possible expert medical witnesses, and another on the extent of current use of the data bank. In addition, I am sending today to all members of the Committee (regular and associate) a revised and expanded list of potential "State of the Medical Art" experts. You will note that the list does not include the names of experts already well-known to defense counsel, such as Dr. Ford McIver of Charleston.
