DEPOSITION EXHIBIT

June 15, 1951

Mr. Ivan Sabourin
Allied Building
Montreal, Quebec
Canada

Dear Ivan:

A copy of the letter of May 6 from Saranac to you is to inform that the First Interim report on ASBESTOSIS AND PULMONARY CANCER supported by the Quebec Asbestos Mining Association was being sent to you within a few days.

I assume you have copies of this report by now and I wonder if you would send a copy of it to Dr. A. J. Lanza as to us.

If you do not have sufficient copies, just let me know and I can get one from Saranac.

Sincerely yours,

J. P. Woodard
