With respect to your letter of October 11, 1956 regarding the tip given you by John Murphy, Business Agent of the Asbestos Workers Union of Hartford, I want to advise you that Marsh Burch and I have reviewed this entire matter carefully and are taking steps to see that a follow up is made directly with the top International people.

We will keep you advised of current developments. We may want to call on you for help as the matter develops and if so we will be in touch with you.

If you pick up any further information please pass it on to us immediately.

Think you did a fine job in catching hold of this problem quickly and getting the preliminary information. We feel as you do that more action on our part is necessary.
