Mr. H.A. Berg.

A regular meeting of the Q.A.M.A. was held at the Bonaventure Hotel, Montreal, May 31, 1968.

The writer presented this company's views with respect to the caution label proposed for printing on the product package. One of the members suggested that the caution not be printed on the bag but rather on all shipping documents, invoices etc. No decision was reached and the subject is held over to the next meeting.

Only minor financial matters were approved at this meeting.

Canadian Johns-Manville reported that the parent company had offered $ 100,000 to Dr. Selikoff's study group which is being organized to work on the problems of the Insulation Applicators. This offer was made at a meeting held at the New York Academy of Arts & Sciences held on May 14th.
