The enclosed draft of a U. S. Public Health Service document is pplied in confidence to give you advanced notification. An Ad Hoc Review ommittee will meet next Tuesday, September 16, in Cincinnati to discuss d coordinate this draft.

If after careful screening you detect major errors of commission or ission, please call us Monday and we will attempt to see that needed rrections are introduced by Dr. Paul Gross, a member of the Committee. or to its finalization. It becomes more difficult to make changes later on, ourse, so we thought you should see this now.

Please consider the draft confidential, however; we have been asked not llow further reproduction or distribution and know we may count on your peration.

Sincerely,

Robert T. P. deTreville, M.D.
President
