Dear Mac:

For some years you have been mailing us regularly 22 copies of the monthly Abstracts and other bulletins of the Foundation, which we distribute to our plants. This was not a sufficient quantity to cover all our various units, but at the time the arrangement was made there was some good reason for not expanding it—which I, personally, have now forgotten.

Recently several of our plants that weren't on the mailing list have asked us why they couldn't get these publications, too.

Would it be possible to add a half dozen additional copies to the bundle of material you send us?

Best regards,

Sincerely yours,

Bill
