CLERK, U. S. DISTRICT COURT
RECEIVED
MAR 25 1970
EASTERN DIST. OF TEXAS
BEAUMONT, TEXAS

Mr. Ward Stephenson, Attorney,
Stephenson & Thompson,
Stephenson Building,
Orange, Texas.

Re: Civil Action No. 6329 - Samuel R. Potter vs. Fibreboard Paper Products Corp., et al. U. S. District Court, Beaumont.

Dear Mr. Stephenson:

In compliance with Judge Justice's order of February 27, 1970, there are delivered to you herewith representative samples of asbestos products manufactured and placed on the market by Combustion Engineering, Inc., and its formerly owned subsidiary, R and I Refractory and Insulation Corporation, which is now operating as C.E. Refractory, a Division of Combustion Engineering, Inc. These samples are identified as to manufacturer, trade name and dates manufactured, as required by the Court's order.

I am attaching hereto all available sales literature concerning these products. It is to be noted that this literature also covers a number of products which are not concerned here, inasmuch as they do not contain asbestos.

We have no engineering, scientific and research date other than as reflected by the sales literature enclosed.

We shall advise you the name of our trial representative when such is determined.

Insofar as the names and addresses of persons in charge of medical or scientific research departments operated by this defendant, this company has no such department.

Yours very truly,

Charles S. Pipkin

Attorney for Defendant,
Combustion Engineering, Inc.
