MOTION FOR CONTINUANCE

TO THE HONORABLE JUDGE OF SAID COURT:

COMES NOW the Plaintiffs in each of the above entitled and numbered causes, by and through their attorney of record, and Johns-Manville Products Corporation, one of the Defendants in each of the above entitled and numbered causes and jointly move the Court to continue said cases and remove same from the preliminary pre-trial conference settings for January 28, 1971, and as grounds therefor, would show the Court the following:

1.

That there is pending, in the United States District Court for the Eastern District of Texas, Beaumont Division, the case of Clarence Borel vs. Fibreboard Paper Products Corporation, et al, which case is set for trial for the week of February 8, 1971. That the above entitled and numbered causes present in part the same questions of law and facts as does the Borel case. That each of said cases involve a number of Defendants and the attorney for the Plaintiffs and the attorneys for the Defendants have been preparing for the trial of the Borel case. That it would be physically impossible to prepare all three cases for trial at the same time.

That because of the complexity of the cases and the fact that the Borel case is scheduled to go to trial on February 8, 1971, it would be to everyone's advantage to continue the above entitled and numbered causes until a decision has been made in the Borel case.

WHEREFORE, PREMISES CONSIDERED, Plaintiffs and the Defendant, Johns-Manville Products Corporation, move and pray the Court that said cases be continued.

Respectfully submitted,
