DIST 0175

RAYBESTOS-MANHATTAN, INC.

Passaic, New Jersey.

July 17, 1936.

Mr. M. F. Judd,
The Raybestos Division,
Bridgeport, Connecticut.

My dear Judd:

I have before me the file with reference to the services of Otto L. Binder, who has been on the Corporation's payroll since sometime back in 1934.

Apparently, this started by a letter to you dated May 29, 1934 from brother Brown, the attorney of Johns-Manville, copy of which I enclose. You wrote Dunn under date of June 7, 1934 on this subject, as per enclosed copy, and since then we have been paying out pretty regularly; up to June 30, 1936, we have paid Binder $3,631.90.

I understand, of course, in the beginning we were to have a survey made of all the plants with an idea to find out about our dust conditions, but I am wondering how long it is necessary to continue this work. As far as our Division is concerned, we have had only one report, which candidly I don't think very much of. We have not seen Binder around here for I should say at least over a year; and I am wondering if we could not shut down on this expense.

Yours very truly,

AFT/MAH
F.
