Dear Mr. Simpson:

Thanks very much indeed for your letter December 10, the contents of which are most interesting.

Sometime in the very near future, I certainly will visit either Charleston or Manheim, if for no other reason than to bring myself up to date with ideas as to what a textile plant really ought to look like.

I sent you the other day a rather long communication with enclosure , concerning the Air Hygiene Foundation of America, and will be interested in your reaction.

With best personal regards, and hoping to see you at The Vinoy Park in February, I am

Yours very truly,

C. J. Stover
