Dear Mr. Simpson:

It was a great pleasure to receive your letter and I appreciate your thoughtfulness in writing to me. I do not wonder that you are pleased with the results of your dust sampling which reflects great credit on the administration of the plant.

I had heard about Mr. Jeffords and I wrote to him a couple of months ago expressing the hope that he might soon find himself in better physical condition. I had a short note in reply and gather that his outlook is not too good.

With best regards and assuring you that it will give me great pleasure to pay you a visit the first opportunity I have, I am,

Sincerely yours,

A. J. Lanza, M. D.
