Raybestos Division
Raybestos-Manhattan, Inc.
Bridgeport, Conn.

Dear Mr. Davis:

In answer to your letter of the 15th, we will be very glad to have the opportunity of going over the Stratford factory with you.

We were very sorry to hear of Mr. Judd's death. I saw the account of it in the Manufacturer's Association Magazine some time ago. It seems too bad, for the last time I saw him he seemed to be in very good health.

Our program is pretty well filled up until the first of the year but after that time we would like to get down to see you. If there is anything special, however, please drop me a line and we will get down before that time.

In respect to your inquiry regarding "multiple dust counts for the various types of dusts", I thought probably it would be better to bring the information with us when we see you when the subject can be discussed more to your satisfaction, I am sure.

Sincerely yours,

Albert S. Gray
