General Asbestos & Rubber Division
of Raybestos-Manhattan, Inc.
[illegible]

December 6, 1937 WHT;crk

Mr. George R. Weber, Vice-President,
Raybestos-Manhattan, Inc.,
c/o United States Asbestos Division,
Manheim, Penna.

Dear Mr. Weber:-

We wish to acknowledge receipt of yours of the 24th ultimo in regard to the report on the dust study which was recently made covering certain departments in this plant. We wish to state that it will give us great pleasure to have Mr. Luttenberger visit this factory at any time which is convenient to himself, and we will endeavor to show him all of the equipment which we have installed.

As to drawings we regret that we do not have any drawings of this equipment. As you may no doubt recollect, the writer sometime ago mentioned that the equipment which we have is the result of continued experiments. We believe that sometime ago we sent you drawings as to the equipment in the weave room. Those drawings were made after the equipment had been installed, and as to the other equipment we do not have any drawings. When Mr. Luttenberger makes his visit we can call in a draftsman and have drawings made.

Yours very truly,

GENERAL ASBESTOS & RUBBER DIVISION
of Raybestos-Manhattan, Inc.
