Gentlemen:

You have been very kind in the past in having inspections made of this plant at North Charleston by those in charge of the Hygiene Laboratory. As we greatly value these services which have been rendered and we are very anxious to always keep our plant up to date, we are presuming to make a request that you have a new survey made of the plant at the earliest possible opportunity. As you know, these surveys have been conducted in the past under the direction of Mr. J. William Fehnel and he is thoroughly familiar with the work carried on at this plant and also the equipment which we have to comply with his recommendations which we have always endeavored to carry out.

Thanking you to give consideration to this request, and that you will be able to grant same, we remain

Yours very truly,
