SOUTHERN ASBESTOS COMPANY

HIGH GRADE ASBESTOS TEXTILE PRODUCTS

CHARLOTTE, N.C. December 18, 1936.

Mr. S. Simpson, President,
Raybestos-Manhattan, Inc.,
Bridgeport, Conn.

Dear Mr. Simpson:

We have your letter of December 11th, for which we thank you.

We shall proceed as suggested by you through your Mr. Jeffords.

We are attaching herewith reprint of article published by J. Rush Shull of Charlotte. I am not sure whether you have seen a copy. This copy was sent to Mr. Schluter, who has asked that I pass it along to you that you can get Dr. Gardner's reaction for the benefit of our industry.

For your information, Dr. Shull, so far as my information goes, is usually found supporting the employees. I have heard rumors that other doctors do not subscribe to Mr. Shull's contention as set forth in this article.

Many of the employees referred to in the 77 cases listed in the article have worked for our Company. I am sure most of them have worked over a period of time for our Company, Carolina Asbestos, and your plant at Charleston.

We appreciate your cooperation and shall be very glad to extend your companies the same at any time we can be of service to you.

Yours very truly,
SOUTHERN ASBESTOS COMPANY,

Geo S Fabel
President.

GSFabel-A.
