AIR HYGIENE FOUNDATION OF AMERICA, INC.

4400 FIFTH AVENUE

PITTSBURGH, PA.

January 12, 1939

Mr. S. Simpson, President,
Raybestos-Manhattan, Inc.,
Bostwick & Railroad Aves.,
Bridgeport, Conn.

Dear Mr. Simpson:

Your check for $200.00 has been received, renewing affiliation with Air Hygiene Foundation. This support is of great assistance to the Foundation in developing practical measures for further protecting the health of your own workmen, and in the advancement of industrial health generally. Itis our belief that this is the kind of cooperative effort upon the part of employers which contributes to the general welfare and helps build a favorable public opinion toward industry. When occasions arise I am sure you will speak a favorable word in behalf of the Foundation.

Thanking you for your continued support, and looking forward to a year rich in Foundation benefits to your organization, I am,

Very truly yours,

H. B. Meller
Managing Director
