Mr. Vandiver Brown, Secretary
Johns-Manville Corporation
Twenty-Two East Fortieth Street
New York 16, N. Y.

Dear Mr. Brown:

I read with interest Dr. Gardner's letter, and it is unfortunate that we cannot get some brief report from Dr. Gardner, considering the large amount of investment that we have in this important matter.

Is it not possible for Dr. Gardner to write a few simple conclusions in advance of a complete report? I think he owes a great deal to the industry, and from his letter of July 26, I do not believe we can look for a complete report this year, and that certainly is unfortunate.

Sincerely yours,
