ATTENTION: SUBJECT:

Dear Miss Garvey:

On January 16th Mr. Simpson sent us a report from the Air Hygiene Foundation, with the request that we read it and then forward to the General Asbestos Division.

Did you have extra copies for Manheim and for your own file or do you want the report, which is now in Charleston, sent to Manheim and then back to Stratford?

Yours very truly,

MBS J. H. MATTHEWS

My dear Mr. Matthews:

We have already sent Manheim a copy of the report from the Air Hygiene Foundation for their files, and also have a copy here for our own use, so it will be in order for Charleston to retain the copy sent them by you.
