Southern Asbestos Company,
Mr. George S. Fabel, President,
Charlotte, N. C.

Dear Mr. Fabel:-

Your letter to Mr. Bremer under date of December 31st, has been handed to me for reply, Mr. Bremer likewise being confined to his house at present with sickness, and inasmuch as it is your wish that Mr. Walter Hoyle, Attorney for the Lumber Mutual Casualty Company, should come to Charleston, I beg to say that Mr. Jeffords, who will be out by that time, will be glad to meet him at my office, 31 Broad Street, Charleston, S. C., on either January 6th or 7th, and we will be glad to go over the situation with Mr. Hoyle and to see whether we can be of any assistance to him, bearing in mind, however, that we have cases pending against us so that it is important that nothing may be done which might react against us in the litigation pending here. In other words, if we can be of any assistance without jeopardizing our own interests, then we would be very glad to be of help.

Yours very truly,

Julian Mitchell
