Dear Mr. Simpson:

I was very pleased to receive Mr. Vandiver Brown's letter stating that the asbestos groups have decided to go forward with the research program which we have discussed in our previous conferences. This morning Mr. Brown sent me a check for $1250 to cover the first quarterly payment on our retainer. We shall make every effort to proceed as rapidly as possible with this investigation, which I am sure can furnish results which will be of benefit to all of us.

It was a pleasure to meet you again in New York and I wish to tell you how grateful I am for your part in the arrangements.

With best regards,

Sincerely yours,

Leroy U. Gardner
