Mr. A. F. Townsend,
The Manhattan Rubber Mfg. Division,
Passaic, New Jersey.

Dear Colonel:

Under the new arrangement wherein Johns-Manville takes over the employment of Mr. O. Binder, we will have no obligation excepting when and if we use him to check dust findings at the various plants.

Of course, the important work that Binder has done for us has been in connection with Charleston, and to some extent at United States Asbestos, though I do not know how valuable his work there might have been. You will notice from copy of letter attached, that we py for Binder's work only when we use him, and this is likewise true of any Laboratory work he might do in our behalf, wherein we reimburse Johns-Manville.

Yours very truly,

MFJ-O.
