Bridgeport, Conn.
May 23, 1935.

Mr. Vandiver Brown,

Johns-Manville Corporation,

New York City.

Dear Mr. Brown:

After talking with you over the telephone, I recalled that we did authorize Mr. Jeffords at Charleston, together with Factory Physician, Dr. Wild, to go to Saranac. It was so long ago that we agreed upon it, it slipped my mind, and in checking up with him, I find they plan to be there most of the week, but especially on June 7, which I understand is the day that Dr. Lanza gives his talk.

Yours very truly,

MFJ-O.
