Bridgeport, Conn.
January 31, 1938

Mr. W. H. Dunn, Comptroller
Raybestos-Manhattan, Inc.
Passaic, New Jersey

Dear Mr. Dunn:

Under date of May 12, 1937, we became a Member of the Air Hygiene Foundation of America, Inc., Fifth and Bellefield Avenues, Pittsburgh, Pennsylvania.

This Foundation is for the purpose of understanding and solving industry problems such as hazards caused by various forms of industrial dust, methods of eliminating or controlling the dust produced, and the like.

The Membership Fee was $25.00, and the Annual Dues $200.00 per year, which we have already paid.

We have now received an invoice covering 1938 Dues, amounting to $200.00, from which they have deducted $50.00, advance amount paid in 1937, leaving a balance of $150.00, which I have O.K'd. and passed to Mr. Hudson for payment.

Mr. Simpson considers this a Corporation matter, and he would like to have this matter handled as such. I assume you will be billed back for the above Dues, and thought it best to advise you so you would be familiar with the subject.

If there is any further information that you would like, kindly advise.

Yours very truly

Secretary
