Mr. S. Simpson, President
Raybestos-Manhattan, Inc.
Bridgeport, Connecticut

Dear Mr. Simpson:

When in Bridgeport last Friday I spoke with you about the discussion I had with Mr. McMahon, Managing Director, and Dr. Holden, of the Industrial Hygiene Foundation, about the assistance they might give us in our efforts for further control and elimination of dust from the plant.

I am attaching hereto a copy of a letter of January 27th from Mr. McMahon on this subject from which you will note following the plan discussed in New York Dr. Holden will come to Manheim in about a month for a preliminary survey after which they will advise us if they can be of further assistance and to what extent.

If Industrial Hygiene Foundation finally decide they would like to take up the assignment I shall discuss the matter further with you before we complete the negotiations.

Yours very truly,

By O. H. Silley
