Mr. S. R. Simpson, President
Raybestos-Manhattan, Inc.
Bridgeport, Conn.

Dear Mr. Simpson:

I trust that the following steps which I have taken as a result of our discussion of the Metropolitan report, will have your approval.

(1) Requested Mr. McMahon, managing director of Industrial Hygiene Foundation, and Mr. Fehnel of Metropolitan to suggest a good consulting engineer to check our systems for dust control and removal for the purpose of getting greater efficiency and if possible more economical operation.

(2) Have requested Metropolitan to make check tests of air conditions in April or May 1944.

We welcome any suggestions which may occur to you..

Yours truly,

U. S. Asbestos Division
