Metropolitan Life Insurance Company
W. J. McConnell, M.D.
Assistant Medical Director
Director, Industrial Health Section
New York City, New York

Dear Dr. McConnell:-

We shall be pleased to co-operate with you in the matter of X-Rays for the list of employees attached to your letter of November 23d.

It is noted there are approximately sixty three names in your list. The expense involved for this X-Ray work would be approximately Three Hundred and Fifteen Dollars ($315.00). I do not recall what our previous arrangements have been in reference to expense for these X-Ray Photographs. Possibly you can give me further information on this subject.

Yours very truly,
