June 24, 1941.

Dr. Albert S. Gray,
Department of Health,
State of Connecticut,
Hartford, Conn.

Dear Doctor Gray:

We have just installed a new Roto-Clone dust collecting system for our new building and in the event you get down our way we would like to have you drop in and pay your respects to us.

If you are unable to do so, I suggest you have your Mr. Postman inspect this, because he is more or less familiar with our aims here and I know will be very well pleased with this new installation. He is always a welcome visitor at Raybestos.

It is our desire to make Raybestos one of the best operated plants in the state and we are exercising every effort in making this objective a reality.

Yours very truly,

THE RAYBESTOS DIVISION OF
Raybestos-Manhattan, Inc.
