Bridgeport, Conn.
April 2, 1940

Mr. J. H. Matthews, Asst. Facty. Mgr.
The Manhattan Rubber Mfg. Division
Passaic, New Jersey

My dear Mr Matthews:

Enclosed is copy of the Industrial Hygiene Program of the New England Health Institute to be held in Hartford on April 16, 17, and 18.

I have also written Mr. Cilley regarding this, and he would like to attend, as he is interested in several of the subjects. Bridgeport is interested, too, and will more than likely have at least two going from this plant. Possibly some one from Passaic would want to attend.

Very truly yours,

SS:G
